THE DUO

LITTLE BOYS is the Italian power rock duo of Elle (vocals and guitar) and Esse (drums), formed in 2020. Their sound brings together garage punk, power rock and delta blues. On stage, everything happens between two people: guitar, voice and drums. Their international journey includes tours in Japan, China and South Korea.

Elle plays a standard right-handed guitar upside down, without reversing the strings. Esse builds the other half of the duo’s sound on drums.
